MACQUARIE

FIBRA MACQUARIE MÉXICO REPORTS THIRD QUARTER 2026 RESULTS

► Record quarterly consolidated NOI of US$62.4 million, up 5.2% YoY

► Reaffirms FY26 cash distribution guidance of Ps. 2.45 per certificate

► Ranked #1 in the Mexico industrial GRESB peer group for both Standing Investments and Development, with record scores of 80.6 and 95.4

MEXICO CITY, October 22nd, 2026 – FIBRA Macquarie México ("FIBRAMQ") (BMV: FIBRAMQ12) announced its financial and operating results for the third quarter ended September 30, 2026.

THIRD QUARTER 2026 HIGHLIGHTS

- Record quarterly consolidated revenues of US$75.5 million, up 6.9% YoY
- Record quarterly industrial NOI of US$53.4 million, up 4.8% YoY
- Record quarterly EBITDA of US$55.8 million, up 3.0% YoY
- Record quarterly Same-Store industrial NOI of US$52.8 million, up 3.4% YoY
- Industrial total leasing volume of approximately 1.6 million square feet
- Industrial portfolio rental rates up 5.6% YoY; Retail portfolio rental rates up 3.8% YoY

TRANSACTION UPDATE

Following the completion of FIBRA Monterrey's ("FIBRA MTY") tender and exchange offer in 2Q26, and the Internalization Agreement signed with Macquarie Asset Management México, S.A. de C.V. ("Macquarie"), FIBRAMQ reached the following milestones:

► August 11, 2026: FIBRAMQ holders approved the resignation of Macquarie as manager and the appointment of Administrador FIBRA MTY, S.C. as substitute manager, effective upon closing of the internalization.

► September 30, 2026: FIBRA MTY launched a public tender and exchange offer for up to 100% of the real estate trust certificates (*certificados bursátiles fiduciarios inmobiliarios*, or "CBFIs") of FIBRAMQ that it does not already own.

► October 13, 2026: FIBRAMQ's Technical Committee issued and published its opinion on the offer.

FINANCIAL AND OPERATING RESULTS

Consolidated Portfolio

FIBRAMQ's consolidated 3Q26 results were as follows:

TOTAL PORTFOLIO	(millions of Pesos, unless otherwise stated)			(millions of Dollars, unless otherwise stated)		
	3Q26	3Q25	Variance	3Q26	3Q25	Variance

Average Occupancy	92.7%	94.8%	(208 bps)	92.7%	94.8%	(208 bps)
Average monthly rent per leased (US$/sqm) EOP	US$ 6.92	US$ 6.55	5.6%	US$ 6.92	US$ 6.55	5.6%
Customer Retention LTM	72.0%	83.1%	(1,115 bps)	72.0%	83.1%	(1,115 bps)
Weighted Avg Lease Term Remaining (years) EOP	2.8	3.2	(11.9%)	2.8	3.2	(11.9%)

FIBRAMQ's industrial portfolio delivered quarterly NOI (excl. SLR) of US$53.4 million in 3Q26, a 4.8% annual increase in US Dollar terms.

Total industrial leasing activity comprised approximately 1.6 million square feet of GLA, including approximately 422 thousand square feet of new leases and approximately 1.2 million square feet of renewal leases, representing a retention rate of 72.0% on a trailing-twelve-month basis.

Retail Portfolio

The following table summarizes the 3Q26 results for FIBRAMQ's proportionally combined retail portfolio:

RETAIL PORTFOLIO	3Q26	3Q25	Variance
Net Operating Income (incl. SLR)	Ps. 157.0m	Ps. 154.8m	1.4%
Net Operating Income (excl. SLR)	Ps. 155.2m	Ps. 156.0m	(0.5%)
NOI Margin (%, inc. SLR)	66.8%	69.5%	(265 bps)
NOI Margin (%, exc. SLR)	66.6%	69.6%	(307 bps)
GLA ('000s square feet) EOP	4,488	4,632	(3.1%)
GLA ('000s sqm) EOP	417	430	(3.1%)
Leased GLA ('000s sqft) EOP	4,150	4,334	(4.3%)
Leased GLA ('000s sqm) EOP	386	403	(4.3%)
Occupancy EOP	92.5%	93.6%	(111 bps)
Average Occupancy	92.5%	93.5%	(95 bps)
Average monthly rent (Ps.) per leased sqm EOP	$200.49	$193.19	3.8%
Customer retention LTM	73.1%	75.3%	(221 bps)
Weighted Avg Lease Term Remaining (years) EOP	4.0	3.2	22.8%

FIBRAMQ signed 60 new and renewal retail leases during the quarter, totaling approximately 12 thousand square meters of GLA. The retail portfolio recorded LTM customer retention of 73.1%.

Lease Rental Rate Summary

Based on annualized base rents, 75.5% of leases in FIBRAMQ's consolidated portfolio are linked to either Mexican or U.S. CPI, representing an annual increase of 394 bps.

In the industrial portfolio, FIBRAMQ achieved a weighted average positive releasing spread of 17.5% in 3Q26, and 14.8% over the trailing twelve-month period.

For further details about FIBRA Macquarie's Third Quarter 2026 results, please refer to the Supplementary Information materials located at BMV Filings (fibramacquarie.com).

CAPITAL ALLOCATION

FIBRAMQ continues to pursue a strategy of investing in and developing Class A industrial assets in core markets that demonstrate strong performance and a positive economic outlook.

For further details regarding projects in process and recently delivered projects, please refer to the Supplementary Information materials located at BMV Filings (fibramacquarie.com).

BALANCE SHEET

As of September 30, 2026, FIBRAMQ had US$1,316.5 million of debt outstanding and in excess of US$575.4 million available on its undrawn committed and uncommitted revolving credit facilities, as

well as US$99.0 million of unrestricted cash on hand. FIBRAMQ's indebtedness is 88.6% fixed rate, with 3.3 years of weighted average tenor remaining.

As of September 30, 2026, FIBRAMQ's CNBV regulatory debt to total asset ratio was 33.8% and debt service coverage ratio was 5.5x.

SUSTAINABILITY

As of September 30, 2026, FIBRA Macquarie's industrial green building certification coverage under its sustainability-linked financing framework represented 46.0% of industrial GLA. The sustainability and green financing linked portion of drawn debt stands at 76.0%.

FIBRA Macquarie achieved its best-ever results in the 2026 GRESB assessment, ranking first in its peer group in both the Standing Investments and Development benchmarks.

The Standing Investments score rose 0.5 points to 80.6 (from 80.1 last year and 69.3 in 2024), placing it 1st of 11 in its Americas listed industrial peer group, while the Development score improved 1.6 points to 95.4 (from 93.8), earning a 4-star GRESB Rating and a 1st place ranking among 7 Mexican industrial peers.

DISTRIBUTION

Distribution payments will continue to be subject to approval by FIBRAMQ's Manager, stable market conditions, and prudent capital management by FIBRAMQ.

FY26 GUIDANCE

Cash Distribution

FIBRAMQ reaffirms its FY26 cash distribution guidance of Ps. 2.45 per certificate.

Payment of distributions remains subject to approval by FIBRAMQ's Manager, stable market conditions, and prudent management of FIBRAMQ's capital.

Outstanding certificates

FIBRA Macquarie had 797,311,397 outstanding certificates as of September 30, 2026.

WEBCAST AND CONFERENCE CALL

Due to the ongoing Transaction with FIBRA MTY, FIBRAMQ will not host a webcast and a conference call in relation to this quarterly earnings result.

About FIBRA Macquarie

FIBRA Macquarie México (FIBRAMQ) (BMV: FIBRAMQ12) is a real estate investment trust (fideicomiso de inversión en bienes raíces), or FIBRA, listed on the Mexican Stock Exchange (Bolsa Mexicana de Valores) targeting industrial, retail and office real estate opportunities in Mexico, with a primary focus on stabilized income-producing properties. FIBRA Macquarie's portfolio consists of 246 industrial properties and 17 retail properties, located in 20 cities across 16 Mexican states as of September 30, 2026. Nine of the retail properties are held through a 50/50 joint venture.

Independent Auditors' Report on Review of Interim Financial Information

To the CBFIs holders of Fideicomiso Irrevocable No. F/1622
(HSBC México, Sociedad Anónima, Institución de Banca Múltiple,
Grupo Financiero HSBC, División Fiduciaria) and its controlled entities:

Introduction

We have reviewed the accompanying condensed interim consolidated statement of financial position of Fideicomiso Irrevocable No. F/1622 (HSBC México, Sociedad Anónima, Institución de Banca Múltiple, Grupo Financiero HSBC, División Fiduciaria) and its controlled entities ("FIBRA Macquarie México" or "the Trust") as at September 30, 2026, the condensed interim consolidated statements of income, changes in equity and cash flows for the nine-month period then ended, and notes to the condensed interim consolidated financial information. Management is responsible for the preparation and presentation of this condensed interim consolidated financial information in accordance with IAS 34 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed interim consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim consolidated financial information as at September 30, 2026 is not prepared, in all material respects, in accordance with IAS 34 'Interim Financial Reporting'.

NOTES TO THE UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

CURRENCY AMOUNTS EXPRESSED IN THOUSANDS OF MEXICAN PESOS (UNLESS OTHERWISE STATED)

1. REPORTING ENTITY

FIBRA Macquarie México ("FIBRA Macquarie") was created under the Irrevocable Trust Agreement No. F/1622, dated November 14, 2012, which is now maintained by Macquarie Asset Management México, S.A. de C.V., as settlor, HSBC México, S.A., Institución de Banca Múltiple, Grupo Financiero HSBC, División Fiduciaria ("HSBC"), as trustee (in such capacity, the "FIBRA Macquarie Trustee"), Macquarie Asset Management México, S.A. de C.V. as Manager (in such capacity, "MAM México" or the "Manager"), and Monex Casa de Bolsa, S.A. de C.V., Monex Grupo Financiero, as common representative. FIBRA Macquarie is a real estate investment trust (Fideicomiso de Inversión en Bienes Raíces or "FIBRA") for Mexican federal tax purposes.

FIBRA Macquarie is domiciled in the United States of México ("México") and the address of its registered office is at Av. Paseo de la Reforma 347, Cuauhtémoc, Alcaldía Cuauhtémoc, México City, 06500 with effect from July 18, 2025.

These unaudited condensed interim consolidated financial statements comprise the trust and its controlled entities F/311022 MMREIT Industrial Trust III, F/311014 MMREIT Industrial Trust IV, F/311138 MMREIT Industrial Trust V, F/311146 MMREIT Industrial Trust VI, F/3493 HSBC México, F/311162 MMREIT Industrial Trust VII, F/311189 MMREIT Industrial Trust VIII, F/311197 MMREIT Retail Trust III, F/311235 MMREIT Retail Trust V and MMREIT Property Administration, A.C. ("MPA") (together referred as the "Group" or "FIBRA Macquarie"). FIBRA Macquarie was established with the purpose of investing in real estate assets in México.

Relevant activities during the period ended September 30, 2026

On February 19, 2026, the Group acquired 124 hectares (ha) of a land parcel located in Tijuana for a total consideration of US$113.8 million excluding transaction costs and taxes.

On February 25, 2026, FIBRA Macquarie announced that it had been informed that Macquarie Asset Management México, S.A. de C.V. ("MAM México"), Prologis Property México, S.A. de C.V. ("Prologis") and FIBRA Prologis had entered into a Transaction and Covenant Agreement under which MAM México had agreed to transfer to Prologis all of its rights and obligations under the management agreement entered into between MAM México and FIBRA Macquarie, subject to the satisfaction of certain conditions.

On March 17, 2026, FIBRA Prologis received authorization from its holders to conduct a public offering for up to 100% of the CBFIs issued by FIBRA Macquarie.

As of March 31, 2026, FIBRA Macquarie fully drew US$50.0 million from the senior unsecured sustainability-linked credit facility with International Finance Corporation (IFC).

On April 7, 2026, FIBRA Prologis announced that it launched a public tender offer (the "FIBRA Prologis Public Offer") for up to 100% of the real estate certificates issued by FIBRA Macquarie.

On April 15, 2026, FIBRA Macquarie announced the upsizing and extension of its existing sustainability-linked, uncommitted revolving credit with BBVA México. The facility has been increased to a total amount of up to US$200.0 million, and its maturity has been extended by five years, now maturing on April 15, 2031. Borrowings under this facility will bear interest at a variable rate equal to 90-day SOFR plus a credit spread of 105-basis points over the term of the loan.

On April 24, 2026, FIBRA Macquarie made an announcement referring to the public announcement issued by FIBRA Monterrey ("FIBRA MTY"), regarding FIBRA MTY's launch of a public tender offer for up to 100% of the CBFIs issued by FIBRA Macquarie (the "FIBRA MTY Public Offer").

On May 27, 2026, FIBRA Macquarie made an announcement referring to the notice for informational purposes *(aviso con fines informativos)* published on May 26, 2026 by FIBRA Prologis, regarding the results of the FIBRA Prologis Public Offer. In such notice, FIBRA Prologis informed that, as certain conditions to which the FIBRA Prologis Public Offer was subject were not satisfied, and given that the FIBRA Prologis Public Offer period had elapsed, the FIBRA Prologis Public Offer had expired.

On June 1, 2026, FIBRA Macquarie made an announcement referring to the public announcement issued on May 31, 2026 by FIBRA MTY, confirming that all of the conditions to the successful consummation of the FIBRA MTY Public Offer had been satisfied and that more than 80% of the outstanding FIBRAMQ CBFIs had participated in the FIBRA MTY Public Offer. In connection with the transaction, FIBRA Macquarie engaged BofA Securities to provide financial advisory and related services. Following the successful completion of the transaction, and in accordance with the terms of the engagement, FIBRA Macquarie paid to BofA Securities a total fee of US$9.25 million as of June 30, 2026. In addition, FIBRA Macquarie incurred legal, advisory, and other transaction-related costs associated with the execution and completion of the transaction.

NOTES TO THE UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

CURRENCY AMOUNTS EXPRESSED IN THOUSANDS OF MEXICAN PESOS (UNLESS OTHERWISE STATED)

1. REPORTING ENTITY (CONTINUED)

Relevant activities during the period ended September 30, 2026 (continued)

On June 29, 2026, FIBRA Macquarie announced that it had been informed that MAM México, Macquarie Infrastructure and Real Assets Holdings Pty Limited and FIBRA MTY had entered into an Internalization Agreement under which, subject to the satisfaction of certain conditions, the termination of the management agreement entered into between MAM México and FIBRA Macquarie was agreed, in order to internalize the management of FIBRA Macquarie. Under such Internalization Agreement, FIBRA MTY shall pay the corresponding internalization consideration to MAM México and FIBRA MTY will assume the management responsibilities at FIBRA Macquarie. Further, FIBRA MTY announced its intention to launch a tender offer for up to 100% of the outstanding FIBRAMQ CBFIs, subject to obtaining the required regulatory approvals. Until the conditions precedent of the Internalization Agreement are satisfied, the Company continues to be managed by MAM México.

In July 2026, following approval by the Technical Committee and the FIBRA Committee, FIBRA Macquarie moved to a more flexible distribution framework, allowing quarterly or monthly distributions at the manager's discretion. The transition was implemented in three phases: (i) payment of the 2Q26 distribution in July 2026; (ii) payment of the July and August 2026 monthly-equivalent distributions during August 2026; and (iii) commencement of regular monthly distributions from September 2026 onward. During 3Q26, FIBRA Macquarie distributed a total of Ps.976.8 million.

On August 11, 2026, the Holders approved the resignation of Macquarie Asset Management México, S.A. de C.V. as manager of the Trust, the Trustee's acceptance of such resignation, and the appointment of Administrador Fibra MTY, S.C. as substitute manager. These actions will become effective upon the closing of the internalization transaction contemplated under the Internalization Agreement dated June 26, 2026.

On September 30, 2026, FIBRA Macquarie issued a notice referencing the announcement made by FIBRA MTY regarding the launch of a public tender offer by FIBRA MTY to acquire up to 100% of the FIBRA Macquarie CBFIs not already owned by FIBRA MTY (the "FIBRA MTY Second Public Offer").

During the third quarter of 2026, FIBRA Macquarie completed three drawdowns under its uncommitted revolving credit facility with BBVA México, totaling US$135.0 million. The proceeds were primarily used to repay the US$75.0 million unsecured private placement notes issued in 2016 that matured on September 30, 2026, with the remaining funds allocated to working capital.

2. BASIS OF PREPARATION AND PRESENTATION

a) Statement of compliance

These unaudited condensed interim consolidated financial statements are for the Group and have been prepared in accordance with International Accounting Standard ("IAS") 34 *Interim Financial Reporting*. Certain information and note disclosures normally included in the consolidated financial statements prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (IFRS Accounting Standards) have been condensed or omitted in accordance with the provisions for reporting interim periods. Therefore, the unaudited condensed interim consolidated financial statements should be read in conjunction with the consolidated financial statements for the year ended December 31, 2025, prepared in accordance with IFRS. The results of the interim periods are not necessarily indicative of the consolidated statements of income for the full year.

The Manager considers that all regular and recurring adjustments necessary for a fair presentation of the unaudited condensed interim consolidated financial statements have been included.

These unaudited condensed interim consolidated financial statements were approved by the Technical Committee of FIBRA Macquarie on October 21, 2026.

b) Historical cost convention

These unaudited condensed interim consolidated financial statements have been prepared on a going concern basis under the historical cost convention, as modified by the revaluation of investment properties at fair value.

2. BASIS OF PREPARATION AND PRESENTATION (CONTINUED)

c) Critical accounting judgements and estimates

During the preparation of the unaudited condensed interim consolidated financial statements, the Manager is required to make judgements, estimations and estimates of uncertainties as of September 30, 2026 that affect the application of accounting policies. Estimates and assumptions used in these unaudited condensed interim consolidated financial statements are based on information available to the Group at the end of the reporting period. The notes to the unaudited condensed interim consolidated financial statements set out areas involving a higher degree of judgement or complexity, or areas where assumptions are significant to the unaudited condensed interim consolidated financial statements such as:

(i) Judgements

- Classification of joint arrangements into joint ventures “JV”: critical judgements are made with respect to the fair values of investment properties included in the JVs’ with Grupo Frisa. See note 9 for further details.

(ii) Assumptions and estimation of uncertainties

- Trade and other receivables: the portfolio is measured based on a forward-looking ‘Expected Credit Loss’ ("ECL") model. This requires considerable judgement about how changes in economic factors affect ECLs, which will be determined on a probability-weighted basis. Any change in Management’s estimates can result in modification of the impairment loss of trade receivables.

- Critical assumptions relating to the valuation of investment properties at fair value include the receipt of contractual rents, expected future market rents, renewal rates, capital expenditures, discount rates that reflect current market uncertainties, capitalization rates and recent investment properties transactions. If there is any change in these assumptions, or regional, national or international economic conditions, the fair value of investment properties may change materially. See note 10 for further details.

- Estimation of fair value of investment properties: critical judgements are made with respect to the fair values of investment properties. The fair values of investment properties are reviewed regularly by Management with reference to independent property valuations and market conditions existing at the reporting date, using generally accepted market practices. The independent valuer is experienced, internationally recognized and qualified in the professional valuation of industrial and retail buildings in their respective geographic areas. FIBRA Macquarie performed quarterly independent appraisals. See note 10 and 15 for further details.

- Estimation of fair value of derivative financial instruments: the inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. The judgements include consideration of inputs such as credit risk and volatility. Changes in assumptions about these factors could materially affect the reported fair value of financial instruments. See note 15 for further details.

- Income tax and deferred income tax: the recognition and measurement of deferred tax assets or liabilities is dependent on Management’s estimate of future taxable profits and income tax rates that are expected to be in effect in the period in which the asset is realised, or the liability is settled. Any changes in Management’s estimates can result in changes in deferred tax assets or liabilities as reported in the unaudited condensed interim consolidated statement of financial position.

- Goodwill is tested for impairment at least once a year, and when circumstances indicate that the carrying value may be impaired based on key assumptions underlying the portfolio premium.

Management believes that the estimates used in preparing the unaudited condensed interim consolidated financial statements are reasonable. Actual results in the future may differ from those reported and therefore it is possible, on the basis of existing knowledge, that outcomes within the next financial year that are different from our assumptions and estimates could result in an adjustment to the carrying amounts of the assets and liabilities previously reported.

d) Measurement of fair value

The Group measures financial instruments, such as derivatives and non-derivatives financial assets and investment properties, at fair value at every reporting date. Fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: in the principal market for the asset or liability, or, in the absence of a principal market, in the most advantageous market for the asset or liability.

NOTES TO THE UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

CURRENCY AMOUNTS EXPRESSED IN THOUSANDS OF MEXICAN PESOS (UNLESS OTHERWISE STATED)

2. BASIS OF PREPARATION AND PRESENTATION (CONTINUED)

d) Measurement of fair value (continued)

All assets and liabilities for which fair value is measured or disclosed in the unaudited condensed interim consolidated financial statements are categorized in one of these hierarchy levels based on inputs used in the valuation process. The level in the fair value hierarchy under which fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1 – The fair value is based on unadjusted quoted prices in active markets that are accessible to the entity for identical assets or liabilities. These quoted prices generally provide the most reliable evidence and should be used to measure fair value whenever available.

Level 2 – Fair value is based on inputs other than quoted prices included within level 1, that inputs, which are observable for the asset or liability, either directly or indirectly, substantially for the full term of the asset or liability through corroboration of observable market data.

Level 3 – The fair value is based on significant unobservable inputs for the asset or liability. Such inputs reflect the Group's own assumptions about how market participants would price the asset or liability.

3. SUMMARY OF MATERIAL ACCOUNTING POLICIES

The Group has consistently applied its material accounting policies for all periods presented in the unaudited condensed interim consolidated financial statements and in relation with those of the previous year.

a) Accounting standards issued but not yet effective

A number of new accounting standards and amendments to accounting standards are effective for annual periods beginning after January 1, 2026 and earlier application is permitted. The Group has not early adopted any of the forthcoming new or amended accounting standards in preparing these unaudited condensed interim consolidated financial statements. These standards and amendments would have immaterial or no impact to the Group's unaudited condensed interim consolidated financial statements. These include:

- Translation to a Hyperinflationary Presentation Currency - Amendment to IAS 21
- Presentation and Disclosure in Financial Statements – IFRS 18
- Amendments to the Classification and Measurement of Financial Instruments – Amendments to IFRS 9, Financial Instruments and IFRS 7, Financial Instruments: Disclosures

b) Principles of consolidation

The unaudited condensed interim consolidated financial statements of FIBRA Macquarie incorporate the assets and liabilities of its controlled entities as of September 30, 2026 and December 31, 2025; the income statement for the nine months period ended as of September 30, 2026 and September 30, 2025. The effects of intra-Group balances and transactions, and any unrealized income and expenses arising from subsidiaries transactions, are eliminated in preparation of the unaudited condensed interim consolidated financial statements.

(i) Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The unaudited interim financial statements of subsidiaries are included in the unaudited condensed interim consolidated financial statements from the date on which control commences until the date on which control ceases. For the period ended as of September 30, 2026, the Group consolidated the financial results of MMREIT Property Administration, A.C. ("MPA") and HSBC México, S.A., Institución de Banca Múltiple, Grupo Financiero HSBC F/3493 ("F/3493").

5. SEGMENT REPORTING

The chief operating decision-maker is the person that allocates resources to, and assesses, the performance of the operating segments of an entity. The Group has determined that its chief operating decision-maker is the Chief Executive Officer ("CEO") of the Group. The Manager has identified the operating segments based on the reports reviewed by the CEO in making strategic decisions.

The operating segments obtained their income primarily from lease rental derived from tenants in México divided into two segments (Industrial and Retail). During the period, there were no transactions between the Group's operating segments.

The locations of the properties are grouped by regions as follows: **North East:** Matamoros, Monterrey, Nuevo Laredo, Reynosa and Saltillo; **Central:** Guadalajara, Irapuato, México City Metropolitan Area (MCMA), Puebla, Querétaro and San Luis Potosí; **North West:** Hermosillo, Los Mochis, Mexicali, Nogales and Tijuana; **North:** Cd. Juárez and Chihuahua; **South:** Cancún and Tuxtepec.

The segment information includes proportionately consolidated results of the joint ventures, which are eliminated in the segment reconciliations. The CEO monitors the performance of the Group based on the location of the investment properties, as follows:

	Industrial				Retail[1,2,3]		Total

9. EQUITY-ACCOUNTED INVESTEES

MMREIT Retail Trust III entered into two joint arrangements with Grupo Frisa through which it acquired a 50% interest in two joint venture trusts ("JV Trusts"). These have been classified as joint venture trusts under *IFRS 11 – Joint Arrangements* as MMREIT Retail Trust III has a right to 50% of the net assets of the JV Trusts. The debt used to finance the purchase of the assets held by the JV Trusts is at the JV Trust level. FIBRA Macquarie and/or MMREIT Retail Trust III have an exposure in relation to this debt solely in their capacity as joint obligors and only in exceptional circumstances which do not currently exist.

MMREIT Industrial Trust VII entered into a joint venture agreement with Residencias Habitacionales de Tijuana, S.A. de C.V. and Promotora de Casas Habitacionales de Tijuana, S.A. de C.V. This has been classified as a joint venture trust under *IFRS 11 - Joint Arrangements*. In addition to the initial contributions, FIBRA Macquarie will contribute capital to fund the development of industrial property on the land parcel.

[1] Amount corresponds to the acquisition of land in Tijuana.
[2] Amount includes the acquisition of two industrial properties in México City Metropolitan Area (MCMA).
[3] Amount includes the disposal of one industrial property in Chihuahua.

NOTES TO THE UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

CURRENCY AMOUNTS EXPRESSED IN THOUSANDS OF MEXICAN PESOS (UNLESS OTHERWISE STATED)

10. INVESTMENT PROPERTIES (CONTINUED)

a) Investment properties under construction*

	Sep 30, 2026 $'000	Dec 31, 2025 $'000
Carrying amount at the beginning of the period/year	**1,308,656**	1,130,497
Capital expenditure	**762,285**	552,549
Transfer to completed investment properties	**(596,351)**	(374,390)
Carrying amount at the end of the period/year	**1,474,590**	1,308,656

* Investment properties under construction are initially recognized at cost since the fair value of these properties under construction cannot reasonably be measured at that date. At year-end or date of completion if the property is finalized, whichever is earlier, any difference between the initial recognition and the fair value at that date will be recognized in the statement of income.

b) Asset-by-asset valuation

The valuation of investment properties is carried out on a quarterly basis by a qualified valuation specialist independent of FIBRA Macquarie (the "Independent Valuer"). CBRE México, an internationally recognized valuation and advisory firm with relevant expertise and experience, was engaged as the Independent Valuer to conduct an independent appraisal of FIBRA Macquarie's investment properties for the period ended September 30, 2026 and December 31, 2025.

The valuation methods – comparable transactions, market value and capitalization analysis – are applied by the Independent Valuer in order to estimate the market value of the acquired properties applying primarily an income analysis, using direct capitalization as well as discounted cash flow analysis.

The fair value for all investment properties was determined based on the inputs to the valuation techniques mentioned below. Investment property is classified as level 3.

The significant inputs and assumptions in respect of the valuation process are developed in consultation with Management.

The inputs used in the valuations as of September 30, 2026 and December 31, 2025 were as follows:

- The range of reversionary capitalisation rates applied to the portfolio were between 6.75% and 10.25% (2025: 6.75% and 10.25%) for industrial and between 9.25% and 11.50% (2025: 9.25% and 12.00%) for retail properties.

- The discount rates applied range between 8.25% and 12.00% (2025: 8.25% and 11.75%) for industrial properties and 11.75% and 14.50% (2025: 11.75% and 14.50%) for retail properties.

- The vacancy rate applied was from 2.00% and 5.00% (2025: 2.00% and 5.00%), with a weighted average of 4.61% (2025: 4.48%) for industrial properties and between 5.00% and 15.00% (2025: 5.00% and 30.00%), with a weighted average of 10.51% (2025: 11.49%) for retail properties.

The estimated fair value increases if the estimated rents increase, vacancy levels decrease or if discount rates (market yields) and reversionary capitalisation rates decrease. The valuations are sensitive to all three assumptions. Changes in discount rates attributable to changes in market conditions can have a significant impact on property valuations.

The difference between the above fair value for financial reporting purposes and the carrying value at the end of the period is primarily on account of capitalized leasing costs and tenant improvements which are carried at historical cost and amortized.

Various Banks	Jul 22, 2024	Jun 27, 2031	US$150.0 million	3.80%	**107,477**	(46,125)
Total estimated fair value			**US$850.0 million**		**571,349**	(67,024)

13. CONTRIBUTED EQUITY

	No. of CBFIs '000	$'000
Balance at January 1, 2025	**797,311**	18,506,916
CBFIs outstanding as of December 31, 2025	**797,311**	18,506,916
Balance at January 1, 2026	**797,311**	18,506,916
CBFIs outstanding as of September 30, 2026	**797,311**	18,506,916

The Group currently has an active CBFI buy - back program which since the inception has been approved by the Technical Committee of FIBRA Macquarie. On April 10, 2026, the extension of this program was approved through June 25, 2027.

From the inception of the CBFI buy-back program to September 30, 2026, a total of 50,074,481 CBFIs, amounting to $1,066.0 million (including transaction costs), have been repurchased. During the period ended September 30, 2026, no CBFIs were repurchased.

14. NON-CONTROLLING INTEREST

On September 14, 2020, FIBRA Macquarie, through a wholly-owned investment trust, completed the acquisition of 50% equity in a joint venture trust ("F/3493") with Inmobiliaria Alamedida (the "F/3493 JV Partner") for a total consideration of US$12.2 million. FIBRA Macquarie conducted a control assessment under IFRS 10 and concluded that it has control over F/3493, and therefore, should apply consolidation accounting and reflect the ownership of F/3493 JV Partner as non-controlling interests in its unaudited condensed interim consolidated financial statements.

The following table summarizes the non-controlling interest and the consolidated entities total assets and liabilities.

As of September 30, 2026	Non-controlling ownership percentage	Non-controlling Interest $'000	Total Assets $'000	Total Liabilities $'000
JV Trust F/3493	**25%**	**616,793**	**2,910,619**	**(142,673)**
		616,793	**2,910,619**	**(142,673)**

As of December 31, 2025	Non-controlling ownership percentage	Non-controlling Interest $'000	Total Assets $'000	Total Liabilities $'000
JV Trust F/3493	25%	598,393	2,841,467	(147,119)
		598,393	2,841,467	(147,119)

15. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES

The Group measures the following assets and liabilities at fair value and further information about the assumptions made in measuring fair values is included in the following notes:

- Investment properties (note 10).

- Derivative financial instruments (note 12).

Fair value reflects the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. Quoted prices or rates are used to determine fair value where an active market exists. If the market for a financial instrument is not active, fair values are estimated using present value or other valuation techniques, using inputs based on market conditions prevailing on the measurement date.

The values derived from applying these techniques are affected by the choice of valuation model used and the underlying assumptions made regarding inputs such as timing and amounts of future cash flows, discount rates, credit risk, volatility and correlation.

The investment properties' valuations were determined using discounted cash flow projections, based on significant unobservable inputs. These inputs include:

- Future rental cash flows: based on the location, type and quality of the properties and supported by the terms of any existing lease or other contracts or external evidence such as current market rents for similar properties;

- Discount rates: reflecting current market assessments of the uncertainty in the amount and timing of cash flows;

- Vacancy rates: based on current and expected future market conditions after expiry of any current leases;

- Maintenance costs: including necessary investments to maintain functionality of the property for its expected useful life;

- Capitalisation rates: based on location, size and quality of the properties and taking into account market data at the valuation date; and

- Terminal value: taking into account assumptions regarding maintenance costs, vacancy rates and market rents.

Management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair value, then Management assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of IFRS, including the level in the FV hierarchy in which the valuations should be classified. Significant valuation issues are reported to the Technical Committee.

The fair value of derivative financial instruments is calculated as the present value of the estimated future cash flows.

Estimates of future floating-rate cash flows are based on quoted swap rates, futures prices and interbank borrowing rates.

Estimated cash flows are discounted using a yield curve constructed from similar sources and which reflects the relevant benchmark interbank rate used by market participants for this purpose when pricing interest rate swaps.

Financial instruments measured at fair value are categorised in their entirety, in accordance with the levels of the fair value hierarchy as outlined below:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices);

Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The appropriate level for an instrument is determined on the basis of the lowest level input that is significant to the fair value measurement.

CURRENCY AMOUNTS EXPRESSED IN THOUSANDS OF MEXICAN PESOS (UNLESS OTHERWISE STATED)

15. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES (CONTINUED)

The following table sets out the fair value of financial instruments (net of unamortized transaction costs) not measured at fair value and analyses them by the level in the fair value hierarchy into which each fair value measurement is categorised:

As of September 30, 2026	Level 2 $'000	Total fair value $'000	Total carrying amount $'000
Trade and other receivables, net	**97,592**	**97,592**	**97,592**
Interest-bearing liabilities*	**(22,287,013)**	**(22,287,013)**	**(22,750,063)**
As of December 31, 2025			
Trade and other receivables, net	254,436	254,436	254,436
Interest-bearing liabilities*	(20,453,567)	(20,453,567)	(20,652,715)

* As of September 30, 2026 and December 31, 2025 the unamortized transaction cost of the debt was $176.0 million and $188.6 million, respectively.

The following table summarizes the levels of the fair value hierarchy for financial instruments measured at fair value of the Group:

As of September 30, 2026	Level 1 $'000	Level 2 $'000	Level 3 $'000	Total $'000
Derivative financial instruments, net	**-**	**571,349**	**-**	**571,349**
Investment properties	**-**	**-**	**61,548,056**	**61,548,056**
As of December 31, 2025				
Derivative financial instruments, net	-	(67,024)	-	(67,024)
Investment properties	-	-	58,785,946	58,785,946

The fair value of the interest rate swaps is based on independent third-party broker quotes. Those quotes are tested for reasonableness by discounting estimated future cash flows based on the term and maturity of each contract and using market interest rates for a similar instrument at the measurement date.

The fair value of the interest rate swaps reflects the credit risk of the instrument and includes adjustments to take account of the credit risk of the Group entity and counterparty, where appropriate.

The following table presents the changes in level 3 of the fair value hierarchy for the Group:

	Sep 30, 2026 $'000	Dec 31, 2025 $'000
Balance at the beginning of the period/year	**58,785,946**	64,341,328
Capital expenditure/leasing commission, net of amortization	**1,056,817**	765,062
Land acquisition	**1,954,782**	-
Investment properties acquisitions	**-**	1,001,080
Disposal of investment property	**-**	(199,979)
Net unrealized foreign exchange loss on investment properties	**(272,312)**	(6,466,077)
Unrealized revaluation gain/(loss) on investment properties measured at fair value	**22,823**	(655,468)
Balance at the end of the period/year	**61,548,056**	58,785,946

16. LEASES

Agreements entered into by the Group and its tenants have been classified as operating leases under IFRS 16. The Group is the lessor of the leases entered into with third parties in respect of its investment properties. Of the leases entered into by the Group, there are certain contracts that are fixed-term leases which include renewal options exercisable by the respective tenant. Notwithstanding these particular leases, the lease agreements entered into by the Group have expiration dates ranging from September 30, 2026 to November 05, 2044.

Where the minimum lease payments are considered to be the net accumulated rent over the lease term, which is defined as the earliest possible termination date available to the tenant, irrespective of the probability of the tenant terminating or not exercising available renewal options; the minimum lease payments to be received by the Group going forward are as laid out below:

As of September 30, 2026	<1 year US$'000	1-5 years US$'000	>5 years US$'000	Total US$'000
USD denominated minimum future lease collections	**192,997**	**387,545**	**51,061**	**631,603**
*Peso denominated minimum future lease collections	**29,963**	**50,735**	**26,619**	**107,317**

*Amount translated to USD for presentation purposes only.

17. RELATED PARTIES

FIBRA Macquarie is listed on the Mexican Stock Exchange and its CBFIs are understood by the Manager to be widely held. The following summary provides an overview of the Group's key related parties:

a) Transactions with key management personnel

The key management personnel in respect of the Group are employed and remunerated by the Manager.

b) Trustee

Since the execution of the Trustee Substitution Agreement on July 18, 2025, HSBC México, S.A., Institución de Banca Múltiple, Grupo Financiero HSBC, División Fiduciaria is the FIBRA Macquarie Trustee. HSBC registered office is at Av. Paseo de la Reforma 347, Cuauhtémoc, Alcaldía Cuauhtémoc, México City, 06500.

The trustee of the Investment Trusts is HSBC México, S.A., Institución de Banca Múltiple, Grupo Financiero HSBC, División Fiduciaria ("Investment Trust Trustee"). The two other trustees of the Investment Trusts within the Group are Banco Nacional de México, S.A., which forms part of Grupo Financiero Banamex and Banco Monex, S.A. Institución de Banca Múltiple, Monex Grupo Financiero. For the three and nine months ended September 30, 2026, the trustee fees for the Group amounted to $1.5 million (2025: $2.7 million) and $4.6 million (2025: $5.3 million) respectively.

c) Manager

MAM México, acts as Manager of FIBRA Macquarie and has its registered office at Pedregal 24, piso 21, Col. Molino del Rey, Miguel Hidalgo, 11040, México City.

Under the terms of the Management Agreement, MAM México, is entitled to a base management fee of $76.6 million (2025: $63.3 million) and $213.8 million (2025: $188.1 million) for the three and nine months ended September 30, 2026. The base management fee is calculated as 1% per annum of the value of the market capitalization of FIBRA Macquarie for the relevant calculation period. The fee is calculated on April 1st and October 1st respectively for the subsequent six months period. The market capitalization is calculated as the product of: (i) the average closing price per CBFI during the last 60 trading days prior to the calculation date and, (ii) the total number of outstanding CBFIs at the close of trading on the calculation date.

NOTES TO THE UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

CURRENCY AMOUNTS EXPRESSED IN THOUSANDS OF MEXICAN PESOS (UNLESS OTHERWISE STATED)

17. RELATED PARTIES (CONTINUED)

c) Manager (continued)

MAM México is also entitled to receive a performance fee, which is calculated as 10% of an amount comprising the market capitalization, per above, plus the aggregate amount of all distributions made to CBFI holders, increased at a rate equal to the aggregate of 5% per annum and an annual cumulative Mexican inflation rate from their respective payment dates, minus the aggregate issuance price of all issuances of CBFIs, plus the aggregate amount of all repurchases of CBFIs, in each case, increased at a rate equal to the aggregate of 5% per annum and the annual cumulative Mexican inflation rate from their respective issuance or repurchase dates, less any performance fees previously paid. This potential fee is payable on the last business day of each two-year period commencing on March 19, 2012. As of September 30, 2026 no performance fee was payable by FIBRA Macquarie.

On June 29, 2026, FIBRA Macquarie was notified that MAM México, Macquarie Infrastructure and Real Assets Holdings Pty Limited and FIBRA MTY had entered into an Internalization Agreement pursuant to which, subject to the satisfaction of certain conditions, the existing management arrangements of FIBRA Macquarie may be terminated and the management of FIBRA Macquarie internalized. The agreement may have implications for the existing arrangements between FIBRA Macquarie and the Manager, including certain fee-related matters. The Internalization Agreement remains subject to the satisfaction of certain conditions and, accordingly, no changes to the existing management arrangements have become effective as of September 30, 2026.

On August 11, 2026, the holders approved the resignation of Macquarie Asset Management México, S.A. de C.V. as manager of the Trust, the acceptance of such resignation by the Trustee, and the appointment of Administrador FIBRA MTY, S.C. as substitute manager. The effectiveness of these actions is subject to the closing of the internalization transaction contemplated by the Internalization Agreement dated June 26, 2026.

As of the date these financial statements were authorized for issuance, the transaction had not closed and, accordingly, no adjustments have been recognized in these financial statements in respect of such matter.

d) Other associated entities

During the three and nine months ended September 30, 2026, the Group accrued a total of $0.8 million (2025: $0.7 million) and $3.9 million (2025: $4.2 million) respectively, in respect of out of pocket expenses incurred by affiliate entities of MAM México, in performance of its duties as Manager.

As of September 30, 2026, Macquarie Infrastructure and Real Assets Holdings Pty Limited, an affiliate entity of MAM México, held 38,597,476 CBFIs and received a total distribution equivalent to $118.2 million during the period ended September 30, 2026 (2025: $87.8 million)

From time to time, other related subsidiaries, or associates of Macquarie Group Limited may hold CBFIs on their own account or on account of third parties.

18. EVENTS AFTER BALANCE SHEET DATE

The Technical Committee of FIBRA Macquarie has evaluated all subsequent events at the date of these unaudited condensed interim consolidated financial statements and has determined that there are no subsequent events requiring recognition or disclosure.
